David,

See #16, p. 13 of the attached National Remedy Review Board Questions and Answers regarding a PRP position paper.

Gary – you are correct. Check out #16 on page 13 in the attached document. And yes, submit the PRP paper along with the review package.

Subject: San Jacinto Site - Remedy Review Board

Amy,

The San Jacinto PRPs want to submit a position paper to the Remedy Review Board about the site remedy; can you confirm that the page limit is 20 pages unless the remedy is greater than \$100 MM – then the limit is 40 pages? Also, the PRP paper should be submitted with the EPA package – correct?

Thanks,

Gary Miller
